

Good Food, Good Life

Protecting the future and delighting consumers

Environmentally sound business practice is an essential prerequisite for Nestlé Creating Shared Value and Corporate Business Principles.

We make Nestlé resourceful

Compliance

We are committed to protecting our environment from harm by reviewing our operations and ensuring they fully comply with external and internal environmental requirements.

Life Cycle Approach

We apply a product life cycle approach involving our partners from farm to consumer focusing on water preservation, energy efficiency, CO2 emission and waste reduction.

Responsible Sourcing

We ensure suppliers of ingredients, packaging materials and other goods and services comply with the Nestlé Supplier Code.

Continuous Improvement

We will set objectives designed to continually improve our environmental performance in support of long-term sustainability.
